

# EU Type Examination Certificate

Date: 2024/05/24

n. **996242102/OE**

Validity:  
2029/05/23

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: **Adventure Spec Ltd.**  
(Responsible of the PPE) Unit 3, Cragg Works, Cragg Road, Mytholmroyd, West Yorkshire HX7 EY5 – UNITED KINGDOM

Type of PPE: **Motorcyclist's protective garments – TROUSERS**

Category of PPE: **II** : "medium" risks.  
This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.

Model **"Gravel Pant"**  
col. GREY

Description:

FRONT:

BACK:

external side:

- pewter fabric coupled with white membrane and black net (TKT2240);
- beige/black kevar knitting coupled with white membrane and grey net (7120);
- black coated fabric (RPN210017 HYPALON);

internal side:

- pewter fabric coupled with white membrane and black net (TKT2240);
- black stretch knitting (TACTEL LYCRA);
- black coated fabric (P200);
- black fleece (ARTICA);
- paloma perforated mesh (AROMA MESH);
- black with silicone band.

main fastening system: by means of a zipper and buttons with metallic rivets in contact with the user.

leg and ankle closure: by means of a zipper and a button.

external pockets: pewter fabric coupled with white membrane and black net (TKT2240) fastened by means of a zipper.

protectors pocket:

- hip: black stretch knitting (TACTEL LYCRA) and paloma perforated mesh (AROMA MESH) fastened by means of a hook and loop closure;
- knee: black stretch knitting (TACTEL LYCRA) fastened by means of a hook and loop closure.
- vents: pewter hard mesh (PAMIR MESH) fastened by means of a zipper.

Certified protectors (according to EN 1621-1:2012) inserted into the garment:

- knee protector: art. "**RZ-820**" by Qingdao RZ-LABS Technologies Ltd. Co.;
- hip protector: art. "**RZ-139**" by Qingdao RZ-LABS Technologies Ltd. Co.

Technical Standard: **EN ISO 13688:2013** Protective clothing – general requirements  
**EN 17092-3:2020** Protective garments for motorcycle riders – Part 3: Class AA protective garments – Requirements

Intended use: Motorcycling: preventive use – correct fitting and positioning of the inner protections are essential.

Size range: Regular sizes: from 28-REG to 42-REG + Short sizes: from 30-SRT to 42-SRT + Tall sizes: from 30-TAL to 42-TAL

# EU Type Examination Certificate

Date: 2024/05/24

n. **996242102/OE**

Validity:  
2029/05/23

Technical File: **DC-18173**  
Test report: **RCT n° 4320013/E**

Functions and performance levels: The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities.

This PPE item has reached the following performance:

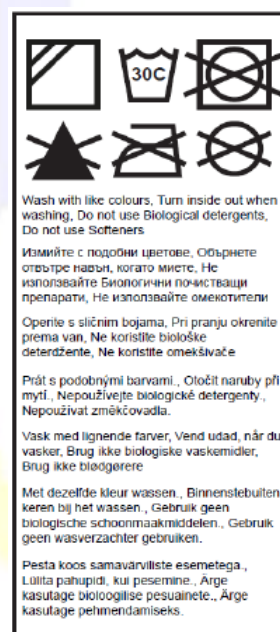

**Class AA(\*)**: Class AA garments offer protection from impact and abrasion against the risks of the greatest diversity of riding activities and may have lower ergonomic and weight penalties than Class AAA garments.

(\*) The Standard provides different classes of protection for garments including protectors/shells: AAA (highest class), AA (middle class) and A (lowest class); class B is for garments not including protectors / shells = just abrasion protection; class C is for impact protector ensemble garments.

NOTES: the protection provided also depends on the correct fit of the garment; the CE-Certified incorporated impact protectors provide strengthened protection and must be kept in their place: this falls within the responsibility of the user.

Marking: printed on stitched labels and displaying the following information:

- **CE Marking**;
- name, logo and full address of the Manufacturer;
- item designation and colour information;
- pictogram indicating the intended use (motorcycling), class of protection achieved, nr./year of the Standard of reference;
- pictogram instructing to read the User Manual;
- size indication;
- care/washing symbols, instructions and warnings;
- additional information: material composition, "Made in...", web site of the Manufacturer.
